Organization

of the

City Government for the Year 1944

The city government for 1944 was organized Monday evening, January 3, at a meeting held in the main hall of the Opera House and Mayor Henry J. Proulx delivered the following inaugural address:

Mayor Proulx's Inaugural

Reverend Father, Members of the City Council, Ladies and Gentlemen:

For the fifth consecutive year, a precedent in the history of Franklin, a Mayor has been re-elected to the highest office of your bidding. To one so honored, it is a vote of confidence, an expression of approval, a mandate of the people, who, privileged by the exercise of their right of franchise implied by choice, their desires for the continuation of the policies of "Good Government", a promise which characterized the campaign of 1939, and one that has become synonymous with accomplishment and achievement of this administration.

It is an example of the appreciation and participation of independent voters and men and women usually identified with the opposition, who use their rights to register a protest of their own and who acknowledge with their vote and confidence the claim of a rightful share of public recognition. It is a tribute no less to the Democratic party and its adherents, a subdivision of an American Institution of politics, competing to make its contribution to our way of life, in which its followers express their qualified approval of the manner in which their public trust has been exemplified.

To me the honor of serving you a fifth term, is a reward of "faith kept with the people" and should be shared by the men of my council, who believed and by so doing have given their efforts, their integrity and their cooperation which helped to make it possible. It is an occasion to be shared by the efficient public servants, members of the official public family, for their willingness and ability to supervise their responsibilities, with prompt and courteous consideration, all while being vigilant in the use of public funds. It is a clear understanding of a people for its government, who though generous and allowing for human mistakes, acknowledges effort, progress or advancement contributed in its behalf.

During the coming year with the assistance of my council, in the administration of city affairs I will devote every effort and its application to the continuation of policies adhered to during the past four years in the hope of extending to you further the continuation of "Good Government".

There is no set rule of conduct in municipal government which can compensate for the disappointments of anticipated revenues suffered during any fiscal year, neither is there any manner in determining accurately the meeting of costs of operation which would exclude contingencies encountered. This is best illustrated in the study of all our city reports and their financial experiences, acquired during this last forty years. Only limited human application based on previous experiences may approach the available guide or suggest what the year 1944 will produce in income and require to defray the costs of its support.

As taxpayers, in return for the levies imposed upon us to meet and defray the cost of maintaining our city, we expect public services that are genuinely ours, but during times such as we are experiencing, we cannot expect that full measure over circumstances over which we have no control, and we must forego many of our accustomed needs.

We have learned this in the home, and the experience is no different in the City, County or State Governments. These restrictions, due to our participation in a world war, have had a telling effect on planning and development, which requires in materials "priorities" now channelled as an essential, which makes our demand secondary until our objective of "Winning the War" has been accomplished.

This condition does however, suggest an alternative to exercise all discretion in our spending and planning that could effect an advancement in our financial program. And it would be a welcome proposal with taxes now imposed on all earnings.

Therefore may I suggest to all department heads, an invitation to supervise their budgets closely during the coming year to capitalize on their earnings that will find their efforts rewarding them in the contribution it will make in leveling our city's indebtedness. Our tax rate, although competitive with any declared in cities in this state, will never be a reasonable one until it reaches the rate of $2.40. Only cooperation in all our departments can help to envision this and to that end we should strive.

We are mindful of needed public services such as sidewalks and their extension which would enhance our city and its conveniences, and any program launched in this direction, would be well planned, and bring praise.

But like other advances that could be promoted for a public use, restrictions on these materials known as critical, oblige us to forego their necessity and at this time we have become conscious that convenience has to be excused. This experience has been repeated and felt in other cities, and has been prevalent in private industry as well as the home. Although limited in personnel I am confident that our Highway department and its Committee would welcome equipment and materials for sidewalk improvements, if it were possible to obtain them, however, great credit is due this department and its staff for their ability to make substitutions for maintenance and care for our highways and of their equipment, which has already passed its reasonable life of expectancy in face of the growing demand for its use.

Nevertheless, sidewalks, sewers, road extensions, fire station, water supply, swimming pools with ward recreational facilities, yes, even a municipal power plant, these are avenues although not in their order of necessity, which should be exploited and developed, when their availability will permit and when their cost can be encouraged by a reasonable market and our resolve will allow the continued practice of pay-as-you-go.

Although the program in some of our public works departments were confined to maintenance and upkeep, others have registered marked progress that is far reaching and the results have been influenced by their administration and its behavior.

Our City Water Department with its best record in history financially, is one that warrants our appreciation for its progress, although unable to extend their facilities owing to restrictions of materials, they have already plans for post-war activities to be put into effect when and if economic conditions will allow, that will give to Franklin a water totally absent of chlorination. Allow me to add that reserve funds for effecting such improvements are available for the defrayment of their cost.

The Fire department has, too, an achievement to envy, because within the limitations of their appropriation, has acquired a two-way radio, the finest of its kind available and again meets with standards best found in larger full-manned fire departments in our state. Again, our ability of personnel in this department comes to light in the installation of this radio by Charles D. Cunningham, under the direction of Lewis Basil Cutting, radio engineer, State Police. We acknowledge with thanks, their service. Further appreciation is expressed to the men of the department who loaned their assistance.

The Franklin Public Library with its restored interior and extended facilities found in the Draper Room, is now as usual prepared to invite with comfort and facilities that it is offering, and while its supervision sees a new face in the fine person of Miss Mildred Peaslee now librarian, whom we are fortunate to have, we acknowledge the absence of the congenial Mrs. Dorothy Starie, a predecessor who for so many years has contributed so much to this institution and its service.

The Relief department for City and County has reached in goal an all time low, of course accentuated by employment, but never has its administration been more capably handled and deserving of comment from County and city. The cost of maintenance of this department is the lowest in its history, explained by the County contribution for its operation. I would heartily recommend that in conjunction with the administration of relief, a new office be created to be known as the Veterans' Service Officer to care for all veteran problems of allotments, pensions, hospitalization, and to create a liaison in this field with state and national organization. The veterans' problems and those of his family become our own interest and this office capably handled, would be a service well deserved and needed.

The Park department with a record of attendance this past season which has broken all previous figures for interest, climaxed its season with a field day held under the auspices of the Chamber of Commerce, deserving comment and praise. The supervision of all children at the Park during the summer, so capably handled by Miss Flora Gomo, is sufficient testimony of the confidence and approval of mothers and fathers, to warrant the continuation of such a worthy program affording their children participation in healthful recreation and association. The Park Commission I know has the appreciation of our community at heart in this movement and for its efforts we are thankful. May they extend likely programs in a day that we become so appreciative in what our children mean to us all.

Following the repeated pleas from the superintendent of our schools and the principal of Junior High for over a five-year period, we have now a recreational ground that compliments the school and our city. At a cost of $11,000, the Roger S. Martin Field and Daniell Junior High Field will for years to follow, offer the expansion for activities required for a well balanced school program. Today it becomes mandatory to include in our school curriculum physical education. And if for no other purpose this will answer a long wanted need. As a matter of records, estimates for this development of a football field only, while the New High School was being considered, suggested the sum of $15,000. Only opportunity made this so economically possible, and although the movement has not met with 100 per cent approval, it will forever be a dedication to the youth of our community, that in "body and in spirit" they will always be prepared to meet their future. We have many to thank for their contributions to this project, but will remain indebted to Highway Commissioner Henri Hebert for his counsel and advice, and the assistance given by his department.

I would like at this time to refer to a department whose efforts always remain unsung but upon which our whole structure of financing relies. They receive very little compensation for a grateful work; during the past year their praise has been high, but like their predecessors have been subjected to the censure of a few. I want to thank publicly Wiggin Gilman, Ernest Astbury and Lawrence Collins for their sterling service to the city as tax assessors. It makes the functioning of a government easier when those who control the pulse of our sources of revenue with firmness yet fairness and have the courage of their convictions to support them.

As we face 1944 let us be resolved to meet our responsibilities with courage. The entire nation is an example of team play and is meeting its responsibilities with frankness and determination. It is another exemplification of how democracy works, even though minds are varied; it further proves that differences give way to our accepted way of life as a wish of the people. It is a rule of government which every American prides with his life.

It would be difficult to find a truer parallel than this occasion of the fifth inaugural here tonight to demonstrate the form of government we enjoy under our constitution, a document preconceived some 170 years ago, and needing no other testimony for its promise of the future, than that clearly demonstrated by the health and growth of our nation under its influence during this period. Only inspiration of free men could pattern, a decree of rights to mankind, and a model of living and understanding that has withstood trial and time, only free men who find themselves in a melting pot of nationalities, kindle with the respect of its latitude and generosity, with its impartial treatment to all in its toleration and democracy. Only free men will die to uphold the integrity of a sovereign right found nowhere else in this universe, that a nation and people might persevere.

We need no figure of speech to have this impressed on our minds tonight, because throughout our country and the universe some 800 of our boys and girls are ready and prepared with others for their test. The vigil for them is ceaseless as we await the moment of trial. In 1941, catapulted into this world conflict, fear of attack without any preparation in weapons or training, haunted us; during '42 and '43 the past years, fear of producing in quantities implements of war sufficient to meet a well armored and prepared foe, was another anxiety. Today we are ready, we have no fears for the outcome, but are constantly reminded by the size of the task ahead and the appraisal of our enemy, at the responsibility and what the price may be for the success of the achievement.

We do not need the reminder of England facing her crisis for survival alone, nor China's long involvement without weapons to cope with such odds, that has been raining death and destruction upon her, nor Russia's readiness to meet the impact with almost certain defeat before her, to lift our spirits. Their deeds were sufficient for that, at a time when our turn comes to participate. Never have we been better prepared in men and equipment, in heart and spirit to meet our responsibilities, and resigned in the

confidence of God in whose care and guidance, we commend our loved ones, may they join with many others throughout our land and be poised and equal for the final blow that will forever seal the orgy of Godless ruling men.

To all these boys and girls in the service of their country, to their mothers, their fathers and relatives in all communities, may the year 1944 bring about the closing chapter of their sacrifice to their country. God grant that not only the love of liberty, but an absolute appreciation for the rights of man may seize all the nations of the earth, so that anyone may set his foot anywhere on its surface and say, "This is My Country".

These are times that try men. Those men who are not in this struggle, in the battle area or home front, will shirk their duty to country and mankind, but he that sacrifices now will live perpetually in admiration to his fellow man. Tyranny like an evil force, is not easily overcome, yet we know the harder the conflict the more glorious the victory. What we obtain too cheaply we appraise too lightly. Only men cradled in Liberty know what price has been paid to obtain it, and never will they ever let men in their ruthless Godlessness wrest it from them. We look into 1944 as the year with another milestone in our history, one that will clear the horizon of the pall that overshadows it, one of promise for the future and its generation to live, one that in a true sense of the word will lead to Peace on Earth to Men of Good-will, be a Happy New Year, with many to follow, of hope and confidence. These are my wishes to all of you which in French is Bonne et Heureuse annee et paradis a la fin de vos jours, and to all others in the only other language that I can express it, A Very Happy New Year.

City Government

CITY COUNCIL

Mayor

Elected annually on the fourth Tuesday of November. Salary $200.00 a year.

Henry J. Proulx

Councilmen

Elected by wards for three years. One member from each ward elected on the fourth Tuesday of November annually. No salary.

		Term expires
Ward 1—	Andrew J. Whittier	January 5, 1945
	Colin S. Jones	January 3, 1946
	Allen Atwood	January 3, 1947
Ward 2—	Auguste Massicotte	January 5, 1945
	George Lacroix	January 3, 1946
	Henry Chamberlain	January 3, 1947
Ward 3—	Earl S. Sargent	January 5, 1945
	Michael E. Burke	January 3, 1946
	Scott Coen	January 3, 1947

Standing Committees of the Council, 1944

February 6, 1945

To the Honorable Mayor and City Council
Franklin, New Hampshire
Gentlemen:

We have audited the General Fund accounts of the City of Franklin for the year ended December 15, 1944, the account with Trust Funds of the City for the year ended December 31, 1944, and the accounts of the Water Department for the year ended December 31, 1944.

It is our opinion that the accompanying Exhibits and Schedules, as indexed on the preceding pages, correctly present the operations of the City for the periods audited, the financial condition of the City as reflected in its General Fund accounts on December 15, 1944, the status of the City's Trust Funds on December 31, 1944, and the assets and liabilities of the Water Department on December 31, 1944.

Respectfully submitted,

Peisch, Angell & Company.

CITY OF FRANKLIN, NEW HAMPSHIRE

Fire Department

Engineers' Report

The following is a report from January 1, 1944 to December 31, 1944, inclusive.

The manual force of the department is as follows:

Chief, Leslie Boomhower

First Assistant Chief, Francis T. Butler

Second Assistant Chief, Clarence L. Thompson

Engine Company, No. 1

Captain Robert O. F. Cunningham, 15 men

Hose Company, No. 1

Captain Bernald Cook, 10 men

Ladder Company No. 1

Captain Henry Poisson, 15 men

Rates of Pay

Chief of Department		$330.00 per year
Assistant Chiefs		$220.00 per year
Clerk of Board of Engineers		$16.50 per year
Hour pay for services out of town		$1.00 per hour
Captains of Companies		$110.00 per year
Hour pay of Captains		.83 per hour
Lieutenants of Companies		$95.00 per year
Hour pay of Lieutenants		.66 per hour
Clerks of Companies		$66.00 per year
Hour pay of Clerks		.66 per hour
Privates	$55.00 per year	.66 per hour

Yearly Report of Franklin Fire Department

Total number of bell alarms	31
Total number of still alarms	149
Total number of miles traveled	1,197
Total number of gallons of gasoline used	1,161
Total number of hours pumps ran at fires	41½
Total number of quarts of oil used	64
Total number of feet of ladders raised	1,348
Total number of feet of 2½ inch hose laid	8,950
Total number of feet of 1½ inch hose laid	3,800
Total number of gallons of extinguisher used	480

Yearly Report of Engine Company 1

Total number of bell alarms covered	26
Total number of still alarms covered	2
Total number of miles traveled	140
Total number of feet of 2½ inch hose laid	4,350
Total number of gallons of extinguisher used	12½
Total number of feet of ladders raised	72
Total number of gallons of gasoline used	163
Total number of quarts of oil used	32
Total number of hours pumping	15¼

Yearly Report of Engine Company 2

Total number of bell alarms covered	24
Total number of still alarms covered	142
Total number of miles traveled	571
Total number of feet of 1½ inch hose laid	2,500
Total number of gallons of extinguisher used	462½
Total number of feet of ladders raised	882
Total number of gallons of gasoline used	201
Total number of quarts of oil used	8
Total number of hours pump ran	19¾
Total number of hours light plant ran	2
Total number of times used trailer	12

Yearly Report of Hose Company 1

Total number of bell alarms covered	24
Total number of still alarms covered	1
Total number of miles traveled	139
Total number of feet of 2½ inch hose laid	4,500
Total number of feet of ladders raised	48
Total number of gallons of gasoline used	48
Total number of hours pumped	4

Yearly Report of Ladder Company 1

Total number of bell alarms covered	17
Total number of miles traveled	61
Total number of feet of ladders raised	398
Total number of gallons of gasoline used	85
Total number of hours pumping	1
Total number of hours lighting plant ran	3
Total number of quarts of oil used	8

Yearly Report of Special Service Company 1

Total number of bell alarms covered	25
Total number of still alarms covered	2
Total number of miles traveled	118
Total number of feet of 1½ inch hose laid	1,300
Total number of times boat used	2
Total number of quarts of oil used	2

Yearly Report Power Plant

Total number of gallons of gasoline used	270
Total number of gallons of oil used	2

Yearly Report of Forest Fire Pump

Total number of times used	4
Total number of gallons of gasoline used	2
Total amount of oil used	1 pint

Location of Apparatus

Hose Company No. 1, South Main Street

Federal Truck, American LaFrance equipped, 500 GPM pump, 1,200 feet of 2½ inch hose, 1 foam, 1 soda and acid extinguisher, 1 24 foot extension ladder, 1 12 foot roof ladder, 6 lengths of 4 inch suction hose, 100 gallon booster tank, 150 feet of ¾ inch booster hose, 1 10 foot pike pole, 2 1⅛ inch nozzles, 1 fire axe, 1 1 gallon oil can, small kit of tools, 10 uniforms.

Central Fire Station, No. 39 West Bow Street

Engine Company, No. 1

American LaFrance type 75, 750 GPM pumper, 40 gallon booster tank, 200 feet 1 inch booster hose, 1,000 feet 2½ inch hose, 2 smoke masks, canister type, 1 24 foot roof ladder, 1 24 foot extension ladder, 2 2½ gallons soda and acid extinguishers, 2 hand lights (carpenter type), 2 kerosene lanterns, 1 1½ inch fog nozzle, 1 Bresnahan revolving nozzle, 1 8 foot pike pole, 6 lengths of 4½ inch hard suction hose, 1 length of soft suction hose, 1 salvage cover, 10 uniforms, Radio equipped portable set, No. 33.

Engine Company, No. 2

Reo Truck equipped with 250 GPM pump, 80 gallon booster tank, 150 feet of ¾ inch booster hose, 2 24 feet extension ladders, 4 lengths of 3 inch suction hose, 6 soda and acid type extinguishers, 1 15 pound carbon dioxide extinguisher, 1 250 watt portable light and generator for power, power taken from engine, 1 officer's hand light, 4 uniforms, 3 pails, 1 bar, 1 axe. This truck is equipped with trailer hitch for forest fire trailer, radio equipped car No. 32, 800 feet 1½ inch hose.

Ladder Company, No. 1

Mack city service ladder truck with 750 GPM pump, 500 feet of 2½ inch hose, 281 feet of ladders, 1 deluge set, 1 cellar syphon, 1 life net, 3 hose covers, 1 complete lighting plant consisting of 1 1,500 1 1,000 2 250 watt portable lights, 1 5,000 watt generator, 2 2½ gallons soda and acid extinguishers, 2 lengths of 5 inch suction hose, 17 uniforms, 1 officer's hand light.

Special Service Truck

Lincoln Special Service Truck, 400 feet of 1½ inch hose, 1 pure air positive blower, 2 pure air helmets or masks, 300 feet pure air hose. These masks are equipped with telephones, 1 H and H type inhalator, 1 first aid kit, 2 drawers first aid supplies, 1 1,500 watt generator, 1 500 watt, 1 250 watt lights, 1 officer's hand light, 2 salvage covers, 1 army type stretcher, 1 carbon dioxide extinguisher 15 pounds, 7 uniforms, 500 feet of ½ inch rope, 50 feet ¾ inch rope. This truck is equipped with a trailer hitch for life boat and trailer.

Forest Fire Trailer

This trailer carries pump cans, small tools, shovels, first aid kit and portable forest fire pump.

Life Boat Trailer

This trailer carries steel life boat, grapple iron, etc.

Chevrolet Truck

This truck is used for line work, picking up wet hose and other trucking for department.

There is on hand at the Central Fire Station 3,200 feet of 2½ inch hose, 20 pump cans, 6 soda and acid extinguishers, 2½ gallon type, 2 2½ gallons foam type, 22 long handle shovels.

Engineers' Report

The Department has made progress the past year. It has been increasingly hard to get department supplies, but on the whole they have been secured before any real shortage developed.

The American LaFrance pumper cracked a cylinder block in November which has been repaired. The radio is working well and has proven again to be a time saver. Progress has been made in the different location of the fire signal whistle. The lookout tower has been moved to its new location and the regular men have put in a lot of hard work preparing it for the new compressor of which part of the same has arrived.

The board recommends the purchase of 500 feet of 2½ inch double jacket fire hose, also the purchase of 250 feet of 1½ inch double jacket fire hose.

The Board of Engineers wish to take this opportunity to thank all those who have helped to make this a successful year, His Honor the Mayor, the Fire Committee and the City Council. To the members of the Fire Department for their devotion to duty, we gratefully thank you for your past and continued support.

Leslie Boomhower, Chief, Franklin Fire Department,

Frank Butler, 1st Ass't Chief,

Clarence L. Thompson, 2nd Ass't Chief.

Police Department

Report of Charles E. Legare, Chief of Police

To the Mayor and the City Council of Franklin, I herewith submit my report for the year 1944:

Drunk	21
Drunk and disorderly	14
Operating under the influence of liquor	6
Speeding	21
Unreasonable speed	5
Allowing a person to operate without a proper license	1
Refusing to stop for an officer	1
Failure to keep to the right of the road	1
Parking vehicle on highway	1
Taking vehicle without the owner's consent	2
Operating vehicle without a proper license	4
Operating vehicle after license had been revoked	1
Operating to endanger	3
Trespass and malicious injuries	1
Keeping liquor for sale	1
Forgery of bank check	1
Petty larceny	3
Breaking, entering, larceny	1
Non-support	8
Selling adulterated milk	1
Failure to pay a due bill	1
Exposing his person indecently	1
Bastardy	1
Taking more than the limit of brook trout	1
Assault (simple)	5

Arrested for other Police Department	5
Arrested for the Armed Forces	4
Total	123

Automobile accidents	54
Persons injured	11
Persons killed	None
Doors found unlocked	267
Safes found open	4
Lodgers	110
Juvenile cases	25
Cases brought before the court, Juvenile	2
Complaints received and investigated	1,005

I wish to take this opportunity to thank the City officials, and all the Citizens of Franklin and others for the fine cooperation given the Police Department.

Respectfully submitted,

CHARLES E. LEGARE, Chief of Police.

Municipal Court of Franklin

During the year from December 15, 1943 to December 15, 1944, there were 100 criminal cases entered in the Municipal Court of Franklin, which were disposed of as follows:

Paid fines and costs	68
Paid costs, fine suspended	1
Paid costs, House of Correction sentence suspended	3
Paid costs and committed to House of Correction	4
Paid fine and costs, House of Correction sentence suspended	1
Paid costs	2
Committed to House of Correction	4
House of Correction sentence suspended	3
Held for Superior Court	2
Appealed to Superior Court	2
Continued	2
On file	1
Nol prossed	4
Defaulted bail	3
Total	100

Receipts	$1,708.83
Disbursements	1,039.66
Balance to City Treasurer	$669.17

EDWARD L. WELCH,

Clerk of Municipal Court of Franklin.

Franklin Public Library

Librarian's Report

To the Trustees of the Franklin Public Library:

The library is fortunate in being an organization which does not need to convert its facilities wholly to the war effort. Because of the state in which the world finds itself, more emphasis than one might wish has to be laid on the dissemination of war information of many kinds.

The library cooperated in the 6th War Bond Drive, as libraries all over the United States were asked to participate. The State Committee provided the library with specially printed bookmarks for distribution to all readers, and credit for the sale of five bonds was received in the Library War Bond Campaign.

Reading Interests

Franklin has nearly a thousand men and women in the far-flung armed services of our country. That means a warrantable interest in the war account in books, newspapers, magazines and pamphlets, of which the library receives a generous number.

It is gratifying to realize that reading material has come to mean a great deal to those far from the advantages of a town or city library. The provision of reading matter for all branches of the army and the navy has been almost unbelievable. Books for this purpose have been collected locally during different book drives. The latest ones to be collected were gladly accepted by the American Merchant Marine Library Association. Two requests of service men, for library assistance, have come to this library. One was from the Mediterranean area and one from the China theatre.

The reading of the average borrower and the school children has increased recently. Many librarians report some increase for the last six months. The division of the local circulation has been 57½% fiction, 19¼% non-fiction and 23¼% juvenile books.

Loans Among Libraries

The interchange of books known in library circles as inter-library loan has been continuous, with our library on the receiving end more often than otherwise. We have been proud to be able to make loans on several occasions, one of which was to the Library Summer Institute at Concord in June. Records show 185 books borrowed and 12 books loaned to other libraries. Of those borrowed, 50 titles were Polish books from the Division of Public Libraries of Massachusetts.

Statistics

Books

	Adult	Children	Total
Number of volumes at the beginning of the year	20,681	1,912	22,593
Number of volumes added	953	202	1,155
	21,634	2,114	23,748
Number of volumes withdrawn during the year	498	113	611
Total number of volumes at the end of the year	21,136	2,001	23,137

Number of magazines currently received: 98

Number of newspapers currently received: 6

Circulation

Number of volumes adult fiction borrowed	25,140
Number of volumes of children's books borrowed	10,126
Number of volumes of adult non-fiction borrowed	6,301
Number of magazines borrowed	1,647
Number of pamphlets borrowed	374
Total number of volumes borrowed in 1944	43,588
Per capita circulation	6.45

Trust Fund Purchases

Anna G. Blodgett Fund: Current Biography, 3 vols., 1941-3; Webster's Biographical Dictionary; Handbook of Private Schools, 1944; College Blue Book; American College Fraternities; Who's Who, 1944; Gallery of Great Paintings; Fourth payment on the United States Catalog and Cumulative Index; 82 selected volumes, co-gift with "A Graduate of Yale", see **Gifts.**

Frank and Ella Chapman Fund: Story of painting from cave pictures to modern art; Edna St. Vincent Millay, Collected lyrics; Robert Service, Complete poems; Thesaurus of the Arts; Who's Who in America, 1944-45; Dorland's American Illustrated Medical Dictionary; Loom of Language; Henley's 20th Century Book of Formulas; Americana Encyclopaedia, 30 vols., (½ payment).

Jeremiah Clark Fund: Book of the States, 1944; Dictionary of American Biography, Supplement I; Webster's Collegiate Dictionary.

Contributors' Fund: American glass; Standard Postage Stamp Catalog for 1945; History of American Life, 12 vols.; Pottery and Porcelain, 2 vols.; McInnis, The War, 4 vols.; Soward, Twenty-five Troubled Years, 1918-43; New Hampshire Register for 1945.

Frank L. Morrison Fund: Modern Military Dictionary; State Names, Flags, Seals, Songs, Birds and Flowers; World War II; Album of American History; Treasury of American Folklore.

Helen Pike Parsons Fund: Junior Literary Guild books (four groups).

Registration

The registration file has been weeded, as many former borrowers and residents during the years of the construction of the U. S. Flood Control Dam have left the community. The active registration now numbers 2,685. New registrations during 1944 have averaged 30 per month.

The Building and Equipment

Early in the year acoustical tile was installed in the circular ceiling over the charging desk. During the summer months it was possible to start much-needed repairs and re-decorating of several parts of the library. Much of the actual work was done by the janitor, Mr. Ralph C. Colcord, who is a painter by trade. The work continued under his direction when duties called him elsewhere. This arrangement being possible provided good results at a nominal cost. The stack room, the catalog room, the back hall and toilet room were done over. The unfinished walls of the front stairway to the basement were painted. The floors of the Draper Room and the Work Room received two coats of cement paint. The extension platform in Library Hall was re-finished and the awning on the west balcony re-covered. Additional improvements have been the installation of inlaid linoleum on two small floors, the catalog room and the toilet, and two-way electrical switches in the front basement stairway and in the back hall. A gas water heater now provides the building with hot water for the first time since the library was built in 1907. The last mentioned equipment was made possible by Mr. Walter F. Duffy's gift of a highly satisfactory heating unit that was not in use.

Regular library equipment that has been added is a four drawer office file. The woodworking shop at the High School has made several useful pieces of equipment,—a window pole, three step-up stools and re-finished two small tables, for one of which a glass-topped display case was made and attached. Such a case makes it possible to arrange small exhibits appealing to those who visit the library.

Members of the City Council visited the library previous to a regular council meeting, to inspect the building after the repairs and re-decorating were completed.

Work with the Schools

The customary use of the library by teachers and pupils continues, with reference questions and the grouping of books on special subjects as required in the different classes. During 1944 a total of 680 selected books were loaned among several school groups. Reading lists have been compiled by grades, and bookmarks, always in demand, have been issued to the individual pupil or to teachers for distribution in their grades.

Three Readers' Clubs have been conducted in a year's time. These were held for those in Grades 4, 5 and 6 who were interested in such a project. There were members from the Nesmith School, the Hancock School and St. Mary's School. The boys and girls met on Saturday mornings over two eight-week periods and became acquainted with the worth-while new and old books. In the summer the club members did not meet but read for credit. Miss Muriel E. Davis of the library staff conducted the clubs. The Library Journal, a national publication with foreign circulation, carried an account and a picture of the Readers' Club held during the spring months.

The librarian was invited to meet two Junior English classes at High School in connection with their library project and the proposed High School library.

Classes from Junior High and the Hancock School visited the South American exhibit in June. Musical records from the exhibit were loaned to teachers for use in the schools.

The Staff

The service of the library to the community has been carried on by the same full-time staff as last year, also with the same janitor and caretaker of the grounds. Miss Jeanne Colby, who had been a part-time assistant for some time, has become a cadet nurse at the Margaret Pillsbury Hospital in Concord. Miss Corinne Gagne, part-time assistant for several months accepted more steady employment in a local store. Miss Marilyn Powers is serving acceptably as a page at the present time.

In July the City Council voted the municipal employees an additional bonus of two dollars per week to aid in meeting the higher costs of living and the library staff benefited by the provision.

Miss Muriel E. Davis, library assistant, attended the Library Summer Institute at Concord for two weeks in June. Miss Davis was awarded a scholarship for part of the cost of the course.

Professional Meetings

The librarian and Miss Davis attended the State Meeting at St. Paul's School in June. Miss Davis served as a member of the Children's Section of the New Hampshire Library Association. The librarian has been appointed State Chairman of the Membership Committee. On May 3rd the librarian attended the State Conference on Preparedness for Victory at the State House at Concord. October 24th, with several other New Hampshire librarians, the librarian attended the New England Regional Library Institute on Post-War Planning, held at Simmons College.

Exhibits

For the greater part of the year a series of exhibits has been arranged under the heading "Countries at War". The bulletin board in the entrance hall, a small bookcase and the glass display case not far from the charging desk have contained book jackets, pictures, books and magazines, also articles of interest from the different countries as featured. These exhibits have been from many parts of the British Empire, with chief display from India and Burma; Russia; Occupied Countries; Poland; Greece and Denmark.

In June an extensive exhibit was "Art in the Countries South of Us". It was on Mexico, Central America, and South America and contained excellent material,—books, toys, pottery, weaving and art objects from those countries. Photographic posters, maps, pamphlets and musical records accompanied the display. The collection was sent out by the Office of Education, Washington, D. C.

For two weeks in July visitors enjoyed the fifty New England photographic studies secured from the Maynard Workshop of Waban, Massachusetts.

American Art Week was observed in November by a grouping of the best of the library's art book collection and the display of colored reproductions of work done by well-known artists.

Good Book Week exhibits, also in November, were keyed to this year's slogan "United Through Books". Replicas of the horn book and battledores, earliest New England books for children,

were secured by the library. Photographic posters "Children Need Books", the Newbery and Caldecott Medal books of former years, and A. A. Milne's books (because of the 20th anniversary of the appearance of Christopher Robin) were prominent in the Children's Room. The group of Yale-Blodgett books was on exhibition, see **Gifts.**

A continuous exhibit is World News of the Week, a large chart with map and illustrated high lights of the news received every Monday and shown on a standard near the reading room.

Meetings at the Library

The organizations and groups using the Draper Room or Library Hall have been the Woman's Club, Hospital Aid, American Red Cross, Farm Bureau, Chamber of Commerce Executive Board, Y. W. C. A., Community Chest, Inland N. H. Camp and Hospital Council, and Marine recruiting officers.

The trustees have ruled that the Draper Room, which houses the New Hampshire and Franklin historical and music collections, shall be used only for library purposes.

Gifts

During the year the library has received three monetary bequests--(1) the sum of $2,000.00 from the Estate of Elsie Y. Closson; (2) $300.00 in War Bonds from Mrs. Carita Spencer Daniell to establish a fund as a memorial to her husband, Warren Fisher Daniell, who served as trustee and treasurer of the Board before taking up his residence in California; (3) $76.12 from "A Graduate of Yale", which was matched by a like amount from the Anna G. Blodgett Trust Fund with which 82 titles on a variety of subjects were purchased.

Among gifts received have been two books autographed and presented by the authors. Mrs. Mildred Buchanan Flagg, a lecturer and author appearing before the Woman's Club, presented "Boy of Salem". Mr. Milton Wend gave the library a copy of "How to Live in the Country Without Farming", of which the United States Navy has purchased 2,000 copies to place in ship libraries.

The library has been the recipient of many other gifts of a varying nature, both from local and from out-of-town sources.

Among the local donors are the following organizations and individuals: Franklin Rotary Club, Mr. Frank Piwonski, Miss Muriel E. Davis, Ensign John M. Watts, Annie Nesmith Court, C. D. A., Mr. and Mrs. George T. Ordway, Mr. Milton Wend, Miss Mary E. Burleigh, Mr. Channing Worden, Mr. and Mrs. Richard W. Sulloway, Miss Helen Russell, Mr. Lee Russell, Rev. Noble O. Bowlby, Miss Ida G. Morrison, Mrs. Thomas F. Clifford, Mr. Maurice Cushing, Mrs. G. D. Marcy, Mrs. Henry T. Blake, Mrs. Charles Palmer, Mrs. Otis B. Morrill, Franklin Chamber of Commerce, Mr. Gerald Boyce, Franklin Lodge of the Polish National Alliance, Mrs. Mabel Wells, Mrs. Jeremiah Franklin, Mr. Frank Keyes, Mr. Walter F. Duffy, Mrs. Stella Brown, Merrimack Farmers' Exchange, Mr. Herbert J. Peaslee, Miss Doris M. Peaslee, Mr. Eugene S. Daniell, Miss Mary F. Davis, Miss Addie E. Towne, Mrs. Peter Gonyo, Mrs. Walter E. Burleigh, Mr. Walter J. Richardson, Mr. Waldo A. Young, Mr. Walter A. Simond, and those who present magazines from time to time.

The trustees and the library staff hereby express appreciation to the many friends of the library who have remembered it generously and in many ways during the year.

Respectfully submitted,

MILDRED J. PEASLEE, Librarian.

October: 9 families, 65 persons; $29.49; 12 singles, $25.89; 2 soldiers' families, 10 persons, $77.85.
November: 8 families, 60 persons, $36.46; 11 singles, $28.02; 2 soldiers' families, 10 persons, $54.58.

Board of Education

SUPERINTENDENT'S REPORT

Teachers and pupils this year in all schools have seemed to co-operate with a somewhat more definite purpose in view than heretofore. That purpose has been to give practical, helpful and useful instructional training with probable wartime and peace-time conditions in view. This is especially true in the high and junior high schools.

Just how large a part the schools of Franklin and of the whole country will take in adjusting the returning soldiers to civic life is impossible to state now. There can be no doubt, however, that the demands upon the schools for fitting and re-fitting boys and girls and adults for adjustment to new conditions are going to be many and great.

Our Commercial, Mechanic Arts, and Domestic Arts curricula are excellent in providing skills for practical use, now and in the future; but community needs and demands for teaching many other practical skills will need to be seriously considered.

This will mean expanding present educational facilities extensively. It is well for us to be prepared to meet the future demands that the economic needs of Franklin will necessitate.

We will need to teach more things that will provide a means of giving each graduate of our schools some skill by which to be self-supporting.

Such a program, undoubtedly, would be too expensive for local communities to finance, except perhaps, in the largest cities. Regional trade schools would probably be resorted to. That would mean specially trained teachers for each special subject taught.

Adult training also would be included in the plan. Give each person a tool with which to carve his own personal existence.

Such type of school will, in the not distant future, be a reality.

The teacher situation in this state and nation is critical. So many have entered the national service or been attracted by the salaries paid for labor in the war industries, that a real scarcity of qualified teachers exists. In the rural communities, women who have not taught school for years are eagerly sought to return to the school room as a patriotic duty.

Franklin has been very fortunate this past year in retaining its teachers in the midst of keen competition. The bonus given by the city to its employees, plus the increased salaries granted by the school board, have enabled us to meet the competition in our immediate vicinity.

In the high school three new teachers had to be secured; Miss Reta Ordway in place of Mary Davis, resigned, Miss Jeanne Nolette in place of Alice Healy, elected to Concord High School, and George Colby Barker, in place of Coach Eustis, resigned to enter the service.

In the junior high only two new teachers were secured; Miss Louise Wood in place of Mr. Thomas Parker, resigned, and Miss Nina Clark to succeed Mrs. Ruth Cumings, who resigned to join her husband who was in the service in Texas.

Mrs. Ruth Palmer was elected to the fifth grade in the Hancock building in place of Mrs. Rena Hurley, resigned, to take a better position in Massachusetts.

Mrs. Irene Kidder was chosen to fill the position as teacher to those in the homes physically unable to attend the regular schools. She succeeded Mrs. Thomas Parker who moved to Strafford, N. H.

The Hancock kindergarten started the year with an enrollment of 45. This necessitated an assistant to help care for the children and Mrs. Perley Mills was selected for forenoon service.

Miss Marie Coffey resigned her position as Superintendent's secretary to accept a position in the Franklin Savings Bank. Miss Jeanne Gauthier, a graduate from our own commercial curriculum in the class of 1944, was elected to her place.

The new teachers are proving that we have been fortunate in our selections. I desire here to pay tribute, not only to the new teachers, but to all our teachers for their untiring, faithful, conscientious and efficient work the past year. The public little realizes the numerous duties assumed by the teachers in the general organization of the school activities, outside their regular teaching duties. They perform these duties willingly and efficiently and are very cooperative in doing anything at any time that will be for the betterment of the pupils. As I observe the work of these teachers from week to week, from primary grades to high school, I am convinced that the citizens in general do not realize as they should that Franklin has good schools. We are keeping up with other progressive schools in types of work being done. We have been doing in Franklin senior high and junior high schools for two years, some types of work that schools in many states are advocating to do as a peacetime project this year or next.

The increased cost in maintaining the schools is due largely to the increase in salaries and to the general increase in cost of materials used.

The new subjects introduced last year have necessitated considerable new expense for equipment and supplies for instructional purposes.

These subjects were: Fundamentals of Radio, Radio Code Practice, Fundamentals of Machines, Fundamentals of Electricity, and Emergency Mathematics.

The different departments of the schools are doing exceptionally good work.

The Domestic Arts, both in the high and junior high, are teaching real practical things. Pupils are learning not only to be home makers but to make their own clothes.

The cafeteria at the high school is serving noon lunches to 75 or 100 each day. The complete lunch, with dessert, is served for 25 cents. How they do it amazes me.

The music department is having its most successful year. The girls' chorus in the high school has 85 members. The mixed chorus has 105. The junior high ninth grade girls' chorus has 45 and the boys' ninth grade chorus has 20. The seventh and eighth grades have a chorus of over 60.

The annual concert of the musical organizations of the schools well illustrates the variety of musical activities, and reflects much credit upon Miss Moses, the supervisor of music. The band is still an important organization of the school and has participated this past year in several public functions.

I feel that the handwriting of the pupils in our grade schools is above the average of most schools. Mrs. Welch, the supervisor, has worked faithfully and conscientiously to improve the writing and has been very successful in doing so.

The social activities of the high and junior high schools I consider to be most valuable and to have been well organized and conducted. Those teachers who give so much time in preparing the program for these events deserve appreciation and commendation. Owing to conditions over which we had no control, the annual dramatic presentation by the high school was omitted this year.

I hope the citizens of Franklin will read the report of the school nurse, Miss Moynihan. It will give an idea of what is being done in the schools of Franklin for the health of your children. Her work correlates perfectly with the physical fitness program of the school, in fact it is a large factor in that program.

The athletic and physical instruction program continues to hold an important place in the educational plans of Franklin schools.

Mr. Eustis, a successful coach for the past five years, was called into the service last May. We consider ourselves very fortunate in securing G. Colby Barker as coach and physical instructor. His work has been very successful thus far and he has gained deserved popularity with pupils, teachers and the public.

I consider the teaching corps of the high and junior high schools this year the equal of any we have had for twenty years. I wish I had room to speak of the work of each individual teacher so that what they are doing may be better appreciated by the public.

The schools have taken a very active part in the local war activities. The amount of stamps and bonds bought in every war bond drive has been amazing. There are very few pupils in the schools not contributing regularly toward the purchase of stamps

and bonds. Beside the weekly contributions, the schools bought during the Sixth War Loan Drive, the following amounts of stamps and bonds:

High School	$2,748.40
Junior High School	1,012.25
Hancock	649.80
Nesmith	912.85
St. Mary	3,044.40

The schools were asked to gather milkweed pods for making life jackets for soldiers and sailors. One hundred and seventy-three bags, averaging about a bushel each, were collected. This amount would make about eighty life jackets. In New Hampshire, nearly 15,000 bags were collected by the school pupils, enough to make about 7,000 or 8,000 life jackets. In the United States, as a whole, nearly 4,000,000 bags were collected. The government paid us twenty cents a bag. This money was paid to the different grade groups, proportionate to the number of bags collected, and used for purchasing something for use in their respective grade room.

I wish to acknowledge the gift of a large mounted moose head, and a phonograph with over a hundred records, from Mrs. Gertrude Stewart.

At the annual district school meeting held Wednesday, December 21, Mrs. Helen Sullivan was unanimously reelected a member of the School Board for the ensuing three years.

In closing my report, I can say that I feel the past school year has been decidedly a most satisfactory and profitable year in Franklin Schools.

FRED S. LIBBEY,

Superintendent of Schools.

Franklin, N. H., January 2, 1945.

FRANKLIN HIGH SCHOOL HEADMASTER'S REPORT

January 1, 1945

Mr. Fred S. Libbey,

Superintendent of Schools,

Franklin, New Hampshire.

Dear Mr. Libbey:

The enrollment of the High School is slightly lower this year than last year. The total enrollment to date is 228 divided into classes as follows: Seniors 66, Juniors 78, and Sophomores 84. There are 133 girls and 95 boys. We are continuing to lose many boys to the Armed Services. This is very well illustrated in "The Key" of the class of 1944. This year book contained the names of 40 boys who were members of the class of 1944 and who were in the Services before graduation. Since September we have lost 12 pupils for the following reasons: to enter the Armed Services 3, poor health 2, transferred to other schools 5, to go to work 2.

The Fundamental courses mentioned in last year's report are being continued with the exception of Fundamentals of Shop-work. Fundamentals of Radio and Radio Code Practice have been combined into a year course. Physical Education is now under the supervision of G. Colby Barker, and the Misses Alfreda Kyrka and June Dolloff. The doctors and dentists of Franklin again very generously gave their time so that all pupils have had a complete physical and dental examination. This valuable service uncovered some physical conditions which would have been seriously aggravated by participation in Physical Education. In most of these cases the condition had not been known to the pupil or his parents. The T. B. "Patch Test" was given to all members of the high school by Miss Garland and Miss Moynihan. All positive reactions were followed up by further examinations. This is another example of the constant consideration given to health in our schools. I refer you to Miss Moynihan's report for a more detailed account of this work.

This year room 27 has been turned into a sound and projection room. It is being used practically every period by both high school and junior high classes. The school library (Room 23) will be opened as soon as the book-cases are finished by the wood working department.

A Vocational Guidance Clinic was conducted in April 1944, by Dr. Paul Rabin of Concord with 17 members of the high school taking part. This consisted of 3½ hours of written examinations and a personal interview lasting about one hour. A written summary of the test results and recommendations regarding the choice of vocation was made to both pupils and parents. This proved to be a valuable assistance to all concerned.

The sale of War Bonds and stamps totaled over $7,000 during the school year 1943-44. The high point of the year was the War Bond Assembly during the Fourth War Loan Drive when $3,091.75 worth of Bonds and Stamps were sold. So far during this school year $2,200 worth of Bonds and Stamps have been purchased, the school has enrolled in the Junior Red Cross by collecting $18.75, sold T. B. Christmas seals amounting to $12.00, and collected prizes to be used at the Grenier Field Hospital. In this manner the school continues to take its part in the war effort.

The program of activities has been expanded this fall due to increased interest. The school newspaper "The Knapsack" is being published once a month. The following clubs are functioning: Science Club, Swing Club, Girl Reserves, Hi-Y, Dramatics Club, Camera Club, Boys' Cooking Club, Military Drill, Girls' Home Mechanics Club, Student Council, Band, and the largest boys and girls' Glee Clubs we have ever had.

Under the direction of the girls' Physical Education Director Miss Kyrka, a new activity called "Sports Day" was carried out in May. Five schools sent girls to Franklin and they spent the whole day competing in athletic contests. The feature of these contests was that the teams were made up of girls from all schools, thereby eliminating competition between schools. The day was an outstanding success and I hope it will become an annual event.

The Roger S. Martin Memorial Field has only begun to prove its worth this year. The first baseball game was played against Laconia on Memorial Day. Franklin christened the baseball diamond by winning 1 to 0. The Sports Day mentioned above, took place on the field and it was used throughout the football season. The field equipment is complete except for bleachers. Experience this year has shown that the successful operation of sports events requires arrangements for seating spectators. I hope that this can be done before the football season next fall.

In closing I wish to express my sincere appreciation to the School Board, Superintendent, Teachers, Pupils and Parents for their wholehearted cooperation which has enabled Franklin High School to continue its progress as it serves the young men and women of Franklin.

Very truly yours,

JOSEPH J. CASHMAN,

Acting Headmaster.

PRINCIPAL'S REPORT, DANIELL JUNIOR HIGH SCHOOL

Mr. Fred S. Libbey,

Superintendent of Schools,

Franklin, New Hampshire.

Dear Mr. Libbey:

This, the 20th annual report of the Daniell Junior High School, must be very much like the report submitted for 1943. World situations have improved but slightly and the attendant restlessness of youth has increased.

We have been most fortunate in having every teaching position filled with a competent teacher and we are proud to state that this condition in Franklin is an exception rather than a rule compared with school systems of the country at large.

May we take the space to explain to the citizenry of Franklin the reasons why teaching has become more difficult within the last two or three years. A wartime period brings many unusual situations and although we are but a small city our contribution in man power has been tremendous. This means our boys and girls are denied much of their usual home care, guidance, and teaching, for the parents are helping the war effort by working in defense plants. This throws the growing youth onto his own and we find the movies, bowling alleys, the street, and undesirable companions do not take the place of good home training. We urge you not to sacrifice your boy or girl for anything on earth. School cannot meet all the needs these children have and do justice to them without the full cooperation of all parents.

We know that the health program carried on by our school nurse is second to none in the state. Read Miss Moynihan's report carefully and try to realize that whenever you give consent to have your child given available tests and to allow him to attend clinics you are giving him a chance to the greatest possible heritage—good health.

Last year we were privileged to have Mrs. Catherine Hammond teach lip-reading to several pupils seriously handicapped by deafness. While she was here many of these pupils began to improve radically in both their social and scholastic habits. If we could have her each year many, many children would be able to overcome their handicap of deafness and become unembarrassed members of their classes.

One of our outstanding accomplishments has been the continued interest in the purchase of war bonds and stamps by the pupils. From September 6 to December 31, 1944 the average weekly sales have amounted to $67.48. The school voted to have the entire sum ($1012.25) of bonds and stamps purchased during this time—the Sixth War Loan drive—applied toward the purchase of a jeep, three machine guns, a diver's suit, two flags for battleships, and an operating table.

Another interest for a group of junior high pupils has been the organization of a branch of youth training sponsored by the State and National Y. M. C. A. Our Junior Hi-Y is co-ed and under Mr. Reid O. Besserer's direction.

As we consider our equipment we are convinced that the boys and girls of this small school system have advantages equal to or surpassing those offered in many larger schools. For your interest may we enumerate some of these aids to education which have been in many instances provided for by classes leaving money as they went on to high school. They are as follows: a public address system connecting each room with the principal's office, a print shop which boasts four presses with fairly adequate supplies, an opportunity to have a very fine movie program to supplement the work in history, geography, and science, and a very complete library of reference and non-reference books.

Mr. Holmes' continued interest in and efforts for the leisure time activities of the school accomplish results that could be

obtained no other way. We feel that his contact with this group is of inestimable value and both teachers and pupils wish to express appreciation in this public manner.

Teachers would appreciate having parents visit their classes and talk over boys and girls' problems together.

Respectfully submitted,

BESSIE C. ROWELL, Principal.

SCHOOL NURSE'S REPORT

January 1, 1945

Mr. F. S. Libbey,
Superintendent of Schools,
Franklin, New Hampshire.

Dear Mr. Libbey:

Health is one of life's greatest gifts. There is scarcely anything so important that it should be allowed to interfere with one's physical well being. Our aims should be to keep the well child well, and to bring the child in poor health up to a higher physical standard.

Tuberculosis has been greatly reduced in the past quarter of a century, but it is still a very serious disease. Every new case of tuberculosis comes from an existing case. In order to cope with the disease every new case must be discovered early and given prompt and effective treatment. One of the best ways to ascertain the presence of tuberculosis is by means of the tuberculin test.

A Tuberculin Patch Test clinic was held at the Senior and Junior High Schools, March 27, 1944, with 421 pupils and teachers participating. All positive reactors were X-rayed by Mr. Allen of the New Hampshire Tuberculosis Association.

Two chest clinics were held in January and in June, 1944. These clinics were in charge of Dr. Robert Kerr of the New Hampshire Tuberculosis Association.

Number of new children attending	54
Number of old cases	10
Number of T. B. Patch Tests given	34
Number of positive reactors	0
Number of X-Rays taken	14
Number of cases improved	9

Children in the elementary schools were weighed four times and measured twice during the year; a report of which was sent home to the parents. This affords an opportunity to see what progress a child is making.

The person with hearing losses is dreadfully handicapped. In order to conserve our hearing we should better understand the proper care of the ears, and the effects that head colds, tonsilitis, and other diseases have on the hearing. This year all children from the third grade through the Senior High School were given the No. 4 Audiometer Hearing Test. Three thousand, one hundred and ninety-one children were tested. Children who failed to pass the first test were retested. It is not advisable to examine children in the first and second grades with the No. 4 Audiometer Hearing machine.

Fourteen children with defective hearing were able to receive training in lip reading from our competent lip reading teacher, Mrs. C. E. Hammond of Manchester, New Hampshire, from January, 1944 to June, 1944. Three classes were held weekly:

First class composed of pupils from the three elementary schools.

Second class composed of pupils from the Junior High School.

Third class composed of pupils from the Senior High School.

Conferences were held with pupils, parents, social workers, and public health nurses during the year.

The Franklin Rotary Club sponsored their annual tonsil clinics during the months of June and July. This year the club cared for 17 cases. Twenty children had their tonsils removed privately.

The names of 600 children were placed on the Dental Honor Roll. We are pleased to state that an improvement has been shown this past year in the correction of defective teeth. Keep the good work up, for neglected teeth are likely to result in malnutrition. If a small cavity is not filled the teeth will decay

still more, and the results of this neglect are ugly, broken teeth, toothaches, and gumboils. A child who has poor, decayed, or abscessed teeth is likely to have poor appetite and digestion.

Good nutrition is the best foundation our body can have for health. This applies to our teeth as well as any other part of the body.

The science of nutrition shows us that there are some forty food nutrients that we need daily to keep us in a state of good nutrition. One of these food nutrients is milk.

Milk in a group by itself helps growth, also makes strong bones and teeth. Calcium is the mineral in milk which helps teeth and bones. You obtain more of this mineral in milk than in any other food. Growing boys and girls need a quart of milk a day either to drink or in foods.

It is essential that everyone eat a good breakfast in order to have power and energy for the day's work. Several physicians think it is the most important meal of the day. In a study made of pupils who were examined and who had about the same health status, but half of whom did not eat breakfast, it was found that those who ate a good breakfast each morning did the better work and made better records in their athletics. They had more energy for the day's activities. Not only does one need to have breakfast but one needs to sit down at the table and take time to eat the breakfast.

It has been my sincere hope that every pupil in our schools from the kindergarten through the high school would take advantage of the opportunity of milk served in our schools. The following figures will be of interest:

Number of bottles of milk served from January, 1943 to January, 1944:

St. Mary School	34,015
Hancock School	26,813
Nesmith School	18,987
Junior High School	15,634
Senior High School	10,345

The physiotherapy center at the Junior High School had to be discontinued until April, 1944, due to the lack of a physiotherapist. Miss Melvin, physiotherapy nurse from the State Board of Health in Concord, has been carrying on this program since April 7, 1944.

Sixteen children have received treatments at the center on an average of every two weeks. This includes children with poor posture, flat feet and orthopedic defects. A doctor's order is necessary before any treatment is given.

Twelve children have attended the orthopedic clinics in Manchester, Concord, or Laconia during the year.

Classrooom inspections were held for cleanliness, symptoms of communicable diseases and pediculosis. I am pleased to say that our war on pediculosis (head lice) has improved during the past year, BUT this condition still exists! Why not have a complete victory this coming year? We will do our part.

Physical education is recognized by school administrators as an integral part of the general education program and essential in the preparation and training of youth for complete living. Active play and games continually place a pupil in a position where he must think of consequences such as the opinion of others, consideration of others, and the success of the entire groups all of which encourage self control, cooperation and other desirable qualities.

An examination of pupils participating in the physical education program was carried on as usual this year with the doctors and the dentists of the city giving their services free. I wish to express my sincere appreciation and gratitude to these men. They are carrying a heavy schedule, but are willing to devote their time and services to perform these examinations.

1203 children were examined by the nurse.

47 children received vision corrections.

600 children secured dental corrections.

979 school visits.

In submitting this report I wish to express my gratitude to the Directors of the Tobie Trust Fund, Franklin Rotary Club, Mr. Libbey, members of the School Board, teachers, parents and pupils for their cooperation during this past year.

Respectfully submitted,

MARION MOYNIHAN, R. N.

SCHOLARSHIP FUNDS

Sanger Scholarship

Resolved by the Board of Education of Franklin:

Whereas, Warren F. Daniell has by his written communication addressed to the Board of Education, expressed his intention of establishing a free scholarship for graduates of the Franklin High School in Simmons College in honor of his mother, and to be known as the "Sanger Scholarship", and agreeing to pay annually a sum sufficient to pay the costs of tuition for one student for four years in any of the courses described in the catalogue of the College, and

Whereas, a student to be awarded this scholarship must comply with the following regulations: First, she must have completed four years' satisfactory work at the Franklin High School; second, her parents must reside in Franklin; third, the student's parents must be unable without undue deprivation to pay the tuition themselves.

Be it resolved: That the Board of Education of the City of Franklin fully appreciate the spirit that prompted Mr. Daniell to establish this scholarship for the benefit of the young women of said city, thereby creating an additional incentive for higher educational advantages: and

Be it further Resolved: That said Board of Education willingly accepts said trust: and

Be it further Resolved: That a permanent Committee on Scholarship shall be established to consist of the Chairman of the Board of Education, the Superintendent of Schools and the Headmaster of the High School of said city, and

Be it further Resolved: That this resolution shall be printed annually in the school report of said Board.

Franklin Student Aid Fund

To the Mayor and Members of the City Council, Franklin, N. H.:

In June, 1921, I placed with Dartmouth College at Hanover, N. H., a fund of $2,500.00—the income from which I wished to be used to assist under certain conditions students at that institution who were residents of this city.

It was found incompatible with the methods of disposing of the funds at Dartmouth College, to handle this fund under the con-

ditions which I wished to impose—and for that reason I have transferred this sum from Dartmouth College to the City of Franklin.

I am attaching herewith the securities representing the fund together with a statement of the methods I wish followed in disposing of the income from the fund.

Respectfully yours,

WALTER F. DUFFY.

Franklin Student Aid Fund

Established by Walter F. Duffy, June, 1921.

A sum of $2,500.00 is entrusted to the City of Franklin, N. H., the income from which is to be used to assist worthy boys and girls, residents of this city, to secure a collegiate education or its equivalent.

The recipients of the income from this fund are to be selected by a board of three consisting of the Chairman of the Board of Education, Superintendent of Schools and Principal of the High School of the City of Franklin, N. H.

The income from this fund is to be disposed of under the following fixed conditions:—

I. Scholarship

A student must attain such satisfactory standing in studies as to make it apparent to the authorities of the institution of learning where he attends, that it is advisable that the student pursue his studies and that he is on this account worthy of financial aid.

II. Financial Needs

It is to be required that the students who receive benefit from this fund shall be obliged, through lack of family financial resources, to earn at least a substantial part of the money necessary to meet the expenses of their attendance upon their studies.

III. General Restrictions

It is to be understood that in alloting the proceeds of the fund, preference is to be given to students at Dartmouth College, Hanover, N. H., who are residents of the City of Franklin, N. H. If no such students apply for the benefits of this fund, then the

income can be used to assist any boys or girls who are residents of the City of Franklin, N. H., and who are pursuing a course of studies in any institution of learning giving a collegiate education or its equivalent, provided that the first two conditions covering the disposition of the benefits of this fund are fulfilled.

It is also to be understood that the income from this fund may be divided between two or more students, and that any students who receive financial aid from the institutions of learning where they attend are not thereby prevented from receiving aid from this fund.

If no students fulfilling the above requirements apply for the benefit of this fund the proceeds may be used as they accrue each year as seems best to the three persons mentioned above for the general educational good of the citizens of Franklin, N. H.

Daniell Scholarship

In the year of our Lord one thousand nine hundred and fourteen.

A resolution relating to the "Daniell Scholarship".

Resolved by the City Council of the City of Franklin, as follows:

Whereas, Jere R. Daniell of New London, Connecticut, on the second day of April 1914, by his written communication of that date, addressed to the Mayor and Council of the City of Franklin, expressed his intention of establishing a free scholarship for graduates of the Franklin High School to the Massachusetts Institute of Technology, in memory of his father, the late Warren F. Daniell, and to be known as the "Daniell Scholarship", and together with his letter of the 16th of May, 1914, in which he agreed to give the sum of two hundred and fifty dollars each and every year, hereafter, beginning September 1st, 1914, to cover the cost of tuition for one student for four years in any one of the courses described in the catalogue of the Institute, and,

That a student to be awarded this scholarship, in whole or in part, must comply with the following named conditions:

First. He must have completed four years' satisfactory work at the Franklin High School.

Second. His parents or parent must reside in Franklin, and be unable without undue deprivation, to pay the tuition required themselves.

Third. He must show during his four years' work at the High School, marked ability in some one of the several subjects covered by the Institute courses.

In case several candidates present themselves in any one year, the scholarship will be awarded by competition in the entrance examinations for the Institute. The candidate entering with highest standing to receive the award.

A holder of the scholarship will be expected to maintain the same standard of work at the Institute as that required of holders of regular Institute Scholarships and the scholarship will be withdrawn in case the work is unsatisfactory.

The right is reserved to divide the amount of the scholarship among several applicants should such action seem desirable.

Be it Resolved, That the City of Franklin fully appreciates the spirit that prompted Mr. Daniell to establish this scholarship for the benefit of the young men of said city, thereby creating an additional incentive for higher educational advantages in those who through misfortune or adversity would otherwise be prevented from obtaining the same; and

Be it further Resolved, That said City willingly accepts said trust, and does hereby direct that the annual payment of the sum of two hundred and fifty dollars shall be made to the City Treasurer, who shall pay the annual tuition of said student or students upon the presentation of the bill for same by the Bureau of the Institute, and,

Be it further Resolved, That a Permanent Committee on Scholarship shall be established to consist of the Chairman of the Board of Education, the Superintendent of Schools and the Principal of the High School of said City of Franklin, and

Be it further Resolved, That this resolution shall annually be printed in the reports of said city.

Approved, W. W. EDWARDS, Mayor.

Passed June 1, 1914.

Resolutions

RESOLUTION

In the year of our Lord one thousand nine hundred and forty-four.

A Resolution relating to establishing the office of Veterans' Service Officer.

Resolved by the City Council of the City of Franklin, as follows:

That the office of Veterans' Service Officer be and is hereby established.

Approved: HENRY J. PROULX, Mayor.

RESOLUTION

In the year of our Lord one thousand nine hundred and forty-four.

A Resolution relating to the abandonment of certain roads and highways leading to and located within the newly created reservoir basin of the Federal Government owned flood control dam and flowage area.

Resolved by the City Council of the City of Franklin, as follows:

Whereas the construction of the Franklin Falls Flood Control Dam, and the re-location of certain State Highways have terminated the further usefulness of certain roads and highways located within and leading to the basin reserved by the Federal Government for flowage purposes, it is resolved that the following described roads and highways be, and hereby are, discontinued and abandoned:

1. All that portion of the former Daniel Webster Highway known as Route 3-A, located within the Federal Government reservoir area, between the Government line and the re-located Daniel Webster Highway, on the Westerly side of the Pemigewasset River, consisting of about one thousand (1000) feet.

2. The Call Road, so called, from the Easterly side of the relocated Daniel Webster Highway and leading Easterly to the Federal Government reservoir line, a distance of about six hundred fifty (650) feet.

3. The Morrison Road, so called, located on the Easterly side of the Pemigewasset River and leading from the Giles' Pond road in a Westerly direction toward the river basin to the Federal Government line, and all portions of said road and branches thereto, lying within the said Government reservoir basin.

4. All that portion of dirt road leading from Franklin to the old Hill Village, and situated on the Easterly side of the Pemigewasset River as shall come within the Federal Government reservoir basin, from the intersection of said road with the road leading to Sanbornton, thence Westerly toward the river basin.

5. The Old Post Road from the junction of the Bennett Road and the Gulf Road, to the Franklin-Hill town line, and the Bennett Road from the Federal Government line to its junction with the Gulf Road, a distance of about five hundred (500) feet.

Approved: HENRY J. PROULX, Mayor.

Passed: January 3, 1944.

A true copy attest: Mildred S. Gilman, City Clerk.

RESOLUTION

In the year of our Lord one thousand nine hundred and forty-four.

A Resolution relating to appropriations for the year 1944.

Resolved by the City Council of the City of Franklin, as follows:

County Tax	$15,904.14
T. R. A.	329.97
Auditing	550.00

Schools	89,660.00
Incidentals	200.00

Approved: HENRY J. PROULX, Mayor.

Passed: May 1, 1944.

A true copy attest: Mildred S. Gilman, City Clerk.

RESOLUTION

In the year of our Lord one thousand nine hundred and forty-four.

A Resolution relating to appropriations for the year 1944.

Resolved by the City Council of the City of Franklin, that, the following appropriations be made for the year 1944.

Athletic Field	$125.00
Servicemen's Fund	150.00

Approved: HENRY J. PROULX, Mayor.

Passed: June 5, 1944.

A true copy attest: Mildred S. Gilman, City Clerk.

RESOLUTION

In the year of our Lord one thousand nine hundred and forty-four.

A resolution furthering all assistance by the City Council of the City of Franklin to situate a Veterans' Hospital in its community.

Resolved by the City Council of the City of Franklin, as follows:

That, the City Council of the City of Franklin convened, loan by its support, to the Chamber of Commerce its activities toward the obtaining of the Veterans' Hospital in the City of Franklin.

Be it further resolved by the City Council that it hereby pledges to that end its assurance for the installation of utilities of sewer and water for the accommodations necessary for such an institution.

Be it further resolved that, as prayed by the Chamber of Commerce of the City of Franklin that we invite the City of Concord, its Chamber of Commerce and its residents to support the City of Franklin in its quest for the allocation of a United States Veterans' Administration Hospital.

Be it further resolved, that a copy of this resolution be filed with the local Chamber of Commerce to inform it of our action.

Approved: HENRY J. PROULX, Mayor.

Passed: July 5, 1944.

A true copy attest: Mildred S. Gilman, City Clerk.

RESOLUTION

In the year of our Lord one thousand nine hundred and forty-four.

A Resolution relating to the advance in salaries of the regular city employees.

Resolved by the City Council of the City of Franklin as follows:

To maintain a standard necessary in pay, consistent with the present cost of living, be it resolved, that an adjustment of wages in the form of a bonus be hereby granted regular city employees in the following departments:

City Clerk's office	$2.00 weekly
Police Department	2.00 weekly
Welfare Department	2.00 weekly
Fire Department	2.00 weekly
Janitor	3.00 weekly
Highways	3.00 weekly

retroactive from May 1st.

Approved: HENRY J. PROULX, Mayor.

Passed: July 5, 1944.

A true copy, attest: Mildred S. Gilman, City Clerk.

RESOLUTION

In the year of our Lord one thousand nine hundred and forty-four.

A Resolution relating to the balance of appropriations for the year 1944.

Resolved by the City Council of the City of Franklin, as follows:

Stoker at Highway and Fire Depts.	$50.00

	$4,518.00

Approved: HENRY J. PROULX, Mayor.

Passed: July 5, 1944.

A true copy, attest: Mildred S. Gilman, City Clerk.

RESOLUTION

In the year of our Lord one thousand nine hundred and forty-four.

A Resolution relating to expenses and disbursements incident to the Office of Mayor.

Resolved by the City Council of the City of Franklin, as follows:

That, the sum of $600.00 be hereby authorized and remain available for the use and necessity of maintaining the dignity of the Mayor's Office, its conduct and responsibilities.

Approved: HENRY J. PROULX, Mayor.

Adopted: July 5, 1944.

A true copy attest: Mildred S. Gilman, City Clerk.

RESOLUTION

In the year of our Lord one thousand nine hundred and forty-four.

A Resolution relating to I. O. O. F. Field Day.

Resolved by the City Council of the City of Franklin as follows:

That the City Council of the City of Franklin wish to acknowledge the Field Day of the Merrimack Lodge, I. O. O. F. and associate lodges for their civic contribution on its field day held July 4th in appreciation of the residents of the City of Franklin.

Approved: HENRY J. PROULX, Mayor.

Passed: July 5, 1944.

A true copy, attest: Mildred S. Gilman, City Clerk.

RESOLUTION

In the year of our Lord one thousand nine hundred and forty-four.

A Resolution relating to raising money by taxation.

Resolved by the City Council of the City of Franklin as follows:

That, the sum of $243,397.21 be raised by taxation the present year and that the assessors be instructed to assess for the amount as follows:

County Tax	$15,904.14
Library	6,656.00
Schools	91,780.00
Poll taxes	6,268.00
National Bank Tax	1,120.00

and the sum of $121,669.07 to meet the current expenses provided for by the appropriations made and same be appropriated with other revenues of the City to meet the same.

Tax Rate for 1944 $27.50 per thousand

Approved: HENRY J. PROULX, Mayor.

Passed: August 7, 1944.

A true copy attest: Mildred S. Gilman, City Clerk.

RESOLUTION

In the year of our Lord one thousand nine hundred and forty-four.

A Resolution relating to the authorization of Mayor Henry J. Proulx to execute government contract No. W-19-023-eng-733.

Resolved by the City Council of the City of Franklin, as follows:

That the Mayor be authorized to execute a contract No. W-19-023-eng-733 of the government for rental of a truck and tractor complete with snow plow for use at the Franklin Falls Dam, Franklin, New Hampshire.

Approved: HENRY J. PROULX, Mayor.

Passed: December 15, 1944.

A true copy, attest: Mildred S. Gilman, City Clerk.

Ordinance

APPOINTMENT OF STANDING COMMITTEES OF THE COUNCIL

An Ordinance relating to the authorization of the Mayor to appoint standing committees of the Council.

In the year of our Lord one thousand nine hundred and forty-four.

Be it ordained that the Mayor be authorized to appoint standing committees of the Council.

This ordinance shall take effect upon its passage.

Passed: December 4, 1944.

Approved: HENRY J. PROULX, Mayor.

A true copy attest: Mildred S. Gilman, City Clerk.
